

HSC Plus Program 2008

Introduction

UNSW has introduced a program of rewarding, by means of a bonus points system, performance in Australian Year 12 courses relevant to UNSW undergraduate programs.

This is in recognition of the strong correlation between Year 12 course performance and preparation for, and success in, first year university studies. Students who have undertaken, and done well in, relevant Year 12 courses are generally well prepared for the demands of university study. A successful first year of university study lays the foundation for a successful and rewarding UNSW experience. By employing strategies that enhance the academic achievement of

UNSW students we also improve their employability and increase the range of career options for our graduates.

Detailed information on points and bands will be made available in **July 2007** at www.unsw.edu.au/HSCPlus

Please note:

- UNSW will NOT award bonus points in these programs: Construction Management and Property, Combined Law, Psychology, Medicine/Surgery, and Optometry/Science.
- All bands in relevant HSC Courses will not have bonus points applied – at this stage UNSW is considering awarding bonuses for performance bands 4-6.

Arts and Social Sciences

Arts, Arts (Media & Communications), Arts/Education, Music, Music Education, Social Science, Social Science (Criminology), Social Work and International Studies.
